2026 CONTINGENCY PROGRAM

Weddle Industries is proud to support off-road racing in 2026.

2026 marks exciting changes in Off Road Racing. Best in the Desert (BITD) and Unlimited Off-Road Racing (UNLTD) have joined forces for the newly unified American Off-Road Racing Championship (AORC). Weddle Industries is excited to offer contingency support for AORC races as well as to continue contingency support to racers for SCORE International Off-Road Racing Series, MORE Desert Racing Series, SNORE Desert Racing Series, Legacy Racing Association Series, MORR Sportsman Off-Road Racing Series, DP4 Championship Racing Series, and VORRA Racing Series.

The 2026 Weddle Shootout Series. Weddle Industries is proud to partner with MORE Racing to present the 2026 Weddle Shootout Series with special events for Class 9, Class 10, Class 12 and Class 1600 racers. See attached schedule for more details.

How our program works:

1. In order to qualify for contingency awards, entrants must use Weddle products or services in their race vehicle.
2. Weddle Industries decals must be displayed prominently on each side of the vehicle during the race.
3. There must be a minimum of five (5) class entries per event in order to qualify for Weddle Contingency Awards.
4. **PHOTOS AND VIDEO:** We are proud to promote the success of Weddle-equipped teams. We strongly encourage the teams to submit photos or video of their vehicle at the race for additional exposure on WEDDLEINDUSTRIES.COM and other promotional spaces. Please submit media to: nick@weddleindustries.com
5. Award recipients will receive a Weddle Industries gift certificate redeemable with Weddle Industries or their transaxle builder.
6. Each contingency registration will receive two Weddle Industries T-shirts and a Weddle Industries hat.

THE MAXIMA MATCH PROGRAM. Weddle Industries is proud to continue the Maxima Racing Oils contingency partnership in 2026.

How it works: purchase Maxima gear oil from Weddle Industries, run Maxima stickers on your race vehicle, and Maxima will match your Weddle contingency award. Great deal from a great company! See contingency registration form for participation instructions.

Weddle Racing Gears are available for Weddle MD4/MD5, S4/S5, and S4D/S5D transaxles; VW Type 1, 002, 091, and 094 transaxles; all Albins AGB/ST6, and Weddle HV transaxles. We strongly recommend that you pre-register with us in order to insure that you are eligible for contingency awards. A 2026 contingency schedule and a registration form are included.

Please give us a call if you have any questions about Weddle Racing Gears or the Weddle Industries contingency program. Thanks and good luck in the 2026 racing season!
